

Bungee Cord Obstacle

Additional Operating Instructions

These are additional instructions to the Constant Flow Land Inflatable Operation Manual.

The Bungee Cord Obstacles come in many different lengths, colours, and styles. They could be stand-alone products or part of a large obstacle course or game. These additional operating instructions cover any device made by Airquee similar to the pictures above.

If you are in any doubt about anything mentioned in this manual or its suitability for your product or circumstances, please contact us using any of the methods given on our website, www.airquee.com/contact.

For all guidance relating to the safe use and operation of an inflatable including safe positioning, anchoring, inflation/deflation, and regular checks please refer to our Constant Flow Land Inflatable Operation Manual. A copy of this can be downloaded by scanning the QR code on the filler pipe of your product or by visiting www.airquee.com/manuals.

As owner/operator it is your responsibility to write and carry out your own risk assessment before attempting to use this product. This manual, together with the Constant Flow Land Inflatable Operation Manual must be read before attempting to setup/use the product.

Additional Equipment

There is no additional equipment required for this product

The above equipment quantities will depend on the size and type of bungee run you have.

Depending on the size of this inflatable it can be set up and packed away by 1-3 persons who have had proper manual handling training and use the correct equipment to move the inflatable. You should conduct your own manual handling risk assessment to determine a safe set up procedure and number of people required based on your circumstances.

For information regarding dimensions, weight, zips, filler pipes etc please refer to the email we sent you with the finished pictures and data.

INTENDED USE OF THE PRODUCT

The Bungee Cord Obstacle was designed to be crawl through obstacle course to provide a spider web like challenge to progress through. Customers should start one end and continue in the same direction and exit the other end. It is designed for continue progression, customers should not linger or wait for others in this part of the obstacle. The game can be stand-alone or integrated into a larger obstacle course.

OPERATING GUIDELINES/RULES OF PLAY

- **Users should NOT be ALLOWED TO CLIMB on the WALLS.**
- **Players should not be allowed to pull on or try and untie the bungee cords**
- **Players should start one side and progress through the obstacle.**
- **Participants should not engage in the game if they have any of the following conditions: current or previous injury to the back or neck, chronic knee, or other joint conditions; any respiratory conditions, including but not limited to asthma or bronchitis; any heart related or circulatory conditions or pregnancy.**
- **Do not allow players to wrap the bungee cords around any part of the body (neck, hands, feet...)**
- **BEFORE, DURING AND AFTER USE, the bungee cords, and their connection points should be checked for wear. If signs of wear are found, PLAY MUST BE STOPPED AND ANY WORN ITEMS MUST BE REPLACED IMMEDIATELY.**
- **Supervisors should pay attention to anyone getting caught up and be available to assist where needed.**

For more information regarding operating guidelines and rules of play please see the Constant Flow Land Inflatable - Operation Manual.

SETUP

The Bungee Cord Obstacle comes setup ready to go. You should only need to follow the positioning, anchoring and inflation process from the Constant Flow Land Inflatable - Operation Manual.

The bungee cords are a consumable item. They will wear and stretch over time. Small amounts of stretching can be adjusted on the tie points but after a while it will be necessary to replace some or all of the bungee cords.

In addition to the checks that you must perform, all inflatables require an annual inspection. Please refer to local legislation for the specific requirements of the country or region that you are operating in.
